School Network for Absenteeism Prevention

2003 Top Recipient

Goodrich Middle School (Lincoln, NE)

- Congratulations to Goodrich Middle School in Lincoln, Nebraska for earning top recognition! The seventh grade science students created a comprehensive handwashing campaign including a DVD movie on proper handwashing techniques, a computer slide presentation, T-shirts, bookmarks, and multilingual posters on good hand hygiene. The Goodrich campaign was promoted school-wide, complemented by school nurse demonstrations and awards for students with low absenteeism. Their entry of a short Internet movie has earned them national recognition. This award entitles them to receive an all-expense paid trip for three to Washington DC to be honored at a special reception. In addition, a special celebration is planned for the classroom.

The Healthy Schools, Healthy People – It's a SNAP Award is joint initiative of The Soap and Detergent Association and Centers for Disease Control and Prevention. The School Network for Absenteeism Prevention (SNAP) is a hands-on initiative for middle schools that's designed to help keep students in school and learning by improving overall health through promoting clean hands.

2003 Runners-up

- Hillside Middle School - Roswell, Georgia was selected as a runner up for their creation of an outstanding handwashing video.
- Cape Henry Collegiate School – Virginia Beach, Virginia was selected as a runner up for their creative poster on handwashing.
